Basketball

We began practice in October in our Forsyth Gym. We were so happy to have a gym for our school. The boys practiced every night until the basketball season started. During the regular season we practiced every night that we did not have a game.

Even though the boys did not appear in the win column too often, they always demonstrated that "never say die spirit" by fighting the boards down to the finish. The boys demonstrated outstanding sportsmanship right through every clutch of the game.

O U R B E G I N N I N G B A N D

All beginnings may be difficult, as the proverb says, but beginnings are usually more challenging than continuings. And so it is with our small band group that was organized this year. Young musicians like to feel that they belong to an organization. They should have more to look forward to than just taking lessons, and eventually becoming members of the high school band. The limited instrumentation of the Forsyth band has made it impossible to perform publicly, but it is hoped that enough new players can be added to make it possible next year. There will again be a two month summer music program which will give any prospective band players the opportunity to start in the summer. Having practiced diligently, they should be far enough advanced to play with the band group when school starts again in the fall.

V O C A L M U S I C

The general music class attempts to provide opportunities for each child to participate to the extent of his ability through singing, playing, rhythmic activities, listening and creating. These integrated activities join toward a central theme,--joy in music as an essential part of life, both in experiencing and in doing.

HUMOR

WOULDN'T IT BE FUNNY IF:

Gary and Terry didn't look alike?
 Cynthia Flint had red hair?
 Buddy was the tallest boy in the school?
 Eddie Austin didn't play basketball?
 Forest Pope was slim?
 Richard Stephenson loved arithmetic?
 Greta Harmon couldn't sing?
 Eileen Vermilyea hated to talk?
 Forsyth never lost a basketball game?
 The buses came every night at 3:30?

* * * * *

"Mama", said Larry Lee Hinkle, "I wish I had some money to give to poor children."
 "Very well, dear, you give up candy for one week, and I will give you some money for them."
 "Must it be candy, Mother?"
 "Why, no, what would you like to give up?"
 "Soap", was Larry's reply.

* * * * *

"Huh! I bet you didn't have a good time at your Christmas party yesterday," said Karen Fox.
 "I bet I did," answered Kay Burgener.
 "Ah, go way, why ain't you sick today then?" asked Karen.

* * * * *

I WONDER WHY:

Remember the day Mr. Guger asked for an extension cord because the electricity was off and he wanted to see.
 Miss Neumann opened the windows (after the storm windows were up) to get relief from a hot day.

* * * * *

Mrs. Nisbet: "What is the formula for water, Larry?"
 Larry James: "H, I, J, K, L, M, N, O."
 Mrs. Nisbet: "What on earth do you mean by that?"
 Larry James: "Well, you said yesterday that it was H to O."

* * * * *

Jimmy Goodson: "If a cat has nine lives, I suppose it has to die nine times to be dead?"
 Tommy Luallen: "Yes, but that's nothing; I used to have a pet frog that croaked every minute."
